# Crowder State Park

Trenton, Missouri

The rolling green hills and deep ravines of Crowder State Park provide 1,912 user-friendly acres where visitors can camp, picnic, hike — or just take it easy. The camping area includes modern restrooms and showers, a dumping station and a laundromat. Picnic sites are located throughout the park and swimming, boating and fishing are offered in the 18-acre Crowder Lake in the center of the park.

Crowder State Park is the perfect park for the visitor who wants to escape the pace of city life and enjoy the outdoors in a relaxing, peaceful environment. Much of the park is covered with thick forest that displays a diverse population of trees, plants and flowers. Many types of wildlife — including deer, raccoons and wild turkeys — also make their homes in the forests of Crowder State Park.

Crowder State Park is a commemorative park dedicated to the memory of Maj. Gen. Enoch H. Crowder, one of several important American military leaders who was nurtured in the hills of northern Missouri.

For more information, contact: **Crowder State Park**, 76 Hwy. 128, Trenton, MO 64683, (660)359-6473. For information on other Missouri state parks, call toll free at (800)334-6946 or (800)379-2419 TDD.
